## Soft skills

- Strong communication
- Team collaboration and leadership
- Problem-solving and critical thinking
- Adaptability to new technologies
- Attention to detail
- Time management
- Creativity in UI/UX design
- Continuous learning and skill development

## Work experience

### Front-End Developer at SimplyBook.me

August 2021 - Now

- Independently developed React.js user interfaces, enhancing the overall application experience through modern design and functionality.
- Developed a standalone React.js Booking Widget from the ground up, using styled-components for styling and React Query for data handling based on product's public API.
- Implemented best practices and optimized solutions to ensure high-performance, scalable, and easily maintainable front-end code.

## **HTML Coder & Developer at SimplyBook.me**

Nov 2018 - August 2021

- Designed and built responsive booking website themes, landing pages, and marketing campaigns to drive user engagement and conversions.
- Collaborated with team to contribute to the development of new React interfaces for various product features.
- Created and maintained a custom WordPress theme for the company's blog, with the idea of improving the conversions and overall knowledge of the product.

## **HTML Coder & Developer at Weblium**

Aug 2018 - Nov 2018

- Developed modular wireframes (blocks) using React.js, HTML, and SCSS for a website builder platform, enabling users to create customized and responsive websites.
- Implemented a learning system for integrating code snippets and third-party widgets into websites built on the Weblium platform.
- Followed best practices and coding standards to ensure clean, maintainable, and cross-browser compatible code.

## **Website Builder & Designer at Weblium**

Aug 2017 - Aug 2018

- Created visually modern and user-friendly website designs.
- Demonstrated attention to detail by building pixel-perfect websites, aligning with design specifications.
- Contributed as an interviewer for the course, evaluating UX designers' task manager prototyping skills.
